Dear Supporter,

In an effort to increase well-being to live longer and better, Casa de Esperanza (Casa) has partnered with Blue Zones Project-Yuba Sutter and the UC Master Gardeners of Yuba Sutter and launched the ***Where Hope Grows*** campaign. The goal is to raise \$25,000 to build a Healing and Therapeutic Garden for survivors of domestic and sexual violence in Yuba, Sutter, and Colusa County.

Survivors of domestic and sexual violence are often left with no other option but to go into a confidential, emergency-safe house. While at Casa, they begin the planning process of moving out of crisis and into a place of peace and recovery. Over 45 years, Casa has assisted with that process to thousands of survivors and their children in Yuba, Sutter, and Colusa County.

The Healing and Therapeutic Garden will have six raised beds with vegetables, flowers, sitting areas, a water feature, and other naturally inspiring scenery, which will reduce stress, depression, and anxiety and encourage parents and children to spend quality time together.

With your help and support, we can create this calm and serene outdoor space that will contribute to a higher level of resilience and optimism for the women and children residing in the Shelter. It will be a place that will encourage, empower, and provide them with an opportunity to heal from the trauma they have endured.

Will you support our efforts to create an oasis of peace by sponsoring Where Hope Grows?

Sincerely,

Michelle Downing
